urban-gro, Inc. (the "Company") is unable to file its Form 10-Q for the quarter ended March 31, 2020 (the "Form 10-Q") in a timely manner without unreasonable effort and expense. The Company previously relied on the order (the "Order") promulgated by the Securities and Exchange Commission on March 25, 2020 in Release No. 34-88465 relating to the Securities Exchange Act of 1934, as amended, to support the delay in the filing of the Form 10-Q by June 29, 2020. On May 15, 2020, the Company filed a Current Report on Form 8-K pursuant to the Order. Due to the outbreak of the COVID-19 pandemic, the Company has had unanticipated delays in completing its financial statements and the Form 10-Q due to disruptions in the Company's day-to-day operations resulting in limited access to the Company's facilities and limited support from its staff and professional advisors. As a result, additional time is required by the Company to compile the necessary data to furnish to its professionals to complete the Form 10-Q. The Company currently anticipates that it will file the Form 10-Q prior to the fifth calendar day following the prescribed due date.

If the answer is no, identify report(s). Yes No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company expects to report a net loss of \$1.7 million for the quarter ended March 31, 2020 (\$0.06 per share) compared to a net loss of \$1.5 million for the quarter ended March 31, 2019 (\$0.06 per share). The Company anticipates reporting that the following items, among others, contributed to the increase in net loss for the quarter ended March 31, 2020 compared to the quarter ended March 31, 2019:

- \$1.6 million decrease in revenues, or 27% year-over-year, primarily due to decreased sales volume;
- \$1.1 million decrease in cost of sales, or 25% year-over-year, primarily due to the decrease in sales volume;
- \$0.5 million decrease in operating expenses, or 16% year-over-year, due to reductions in marketing related expenses, stock-based compensation expenses and salary related expenses; and
- An increase in interest expense.
